University of Kelaniya, Sri Lanka

PROFILE SUMMARY

Motivated Software Engineering undergraduate at the University of Kelaniya with hands-on experience in full-stack web application development using Spring Boot, React, MySQL, and Tailwind CSS. Passionate about building scalable and user-focused applications while continuously learning modern software engineering practices. Seeking a software engineering internship to apply technical skills, gain industry experience, and contribute to impactful software solutions.

TECHNICAL SKILLS

Languages: Java, JavaScript, C	Backend: Spring Boot, Node.js, Express.js	Stack: MERN Stack, SpringBoot +React
Frontend: React.js, HTML, CSS, Tailwind CSS	Database: MySQL, MongoDB	Tools: Git, GitHub, GitHub Projects, VS code, IntelliJ IDEA, Postman

PROJECTS

BookFair Event Booking Platform | [Repository](#)

- Developed a full-stack booking management system to handle event registrations and user workflows.
- Engineered RESTful backend APIs with Spring Boot, implementing business logic and data persistence with MySQL.
- Built responsive frontend interfaces with React, ensuring seamless user interactions across devices.
- Designed a normalized database schema with efficient relational structures to support complex queries.

TechSpark E-Commerce Platform | [Repository](#)

- Developed a full-stack e-commerce platform supporting product listings, user authentication, and order management.
- Implemented secure backend features including JWT-based authentication and role-based access control.
- Designed and built product management and inventory modules with RESTful API endpoints.
- Currently developing responsive frontend features using React and Tailwind CSS.

Education

BSc. (Hons) in Software Engineering
University of Kelaniya
April 2024 – Present • Expected Graduation: 2028

Additional Information

Interests

Open-source development, Competitive programming, Software architecture

Soft Skills

Problem Solving, Team Collaboration, Communication, Adaptability, Attention to Detail
